

INVITATION TO THE ISACA
Round Table Meeting
Thursday 1st of March 2007 at 18:30

Explanation of ValIT
Enterprise Value: Governance of IT Investments.

The Topic:

Val IT is a governance framework including generally accepted guiding principles and supporting processes related to the evaluation and selection of IT-enabled business investments, and benefit realization and delivery of value from those investments. The Val IT framework is based on the COBIT framework. To obtain a return on investment, the Val IT principles are applied to management processes including value governance, portfolio management, and investment management.

The speakers for this session will be:

Mr. Erik Guldentops, CISA & CISM, Chair of the CobiT Steering Committee and Advisor to the board of the IT Governance Institute & ISACA Board of Directors.

Mr. Steven De Haes, Program and Research Coordinator Information Systems Management, UAMS
